

FEDERAL BUYER'S GUIDE

OASIS+ — GSA Multi-Agency Contract

How to award professional services directly to D9Tech — on the 8(a) and SDVOSB tracks.

CONTRACT NO.	UEI	CAGE	D9TECH TRACKS	PRIMARY NAICS
47QRCA25DA198	NB83NPJEHLF4	74S33	OASIS+ 8(a) · OASIS+ SDVOSB	541512

OASIS+ is a GSA Multi-Agency Contract (MAC) for professional services, organized into six socioeconomic tracks across seven service Domains. D9Tech holds OASIS+ on **both** the 8(a) and SDVOSB tracks, so your agency can award complex, multi-disciplinary requirements directly — by set-aside or sole source — without a full and open competition.

VEHICLE KEY FACTS

- **Contract type:** Multiple Award IDIQ across six separate MAC tracks, administered by GSA.
- **Domains:** Management & Advisory, Technical & Engineering, Research & Development, Intelligence Services, Facilities, Logistics & Supply Chain, and more.
- **OASIS+ 8(a):** 100% set aside for SBA 8(a) participants; SBA acceptance required for sole-source orders.
- **OASIS+ SDVOSB:** 100% set aside for SBA VetCert-certified SDVOSBs.
- **Task-order ceiling:** no stated per-order ceiling (governed by ordering procedures). Socioeconomic status defaults to status at master-contract award unless the OCO requests recertification.

DIRECT-AWARD PATHWAYS TO D9TECH

- **8(a) sole source (OASIS+ 8(a)) — up to \$5.5M (non-mfg):** SBA offer and acceptance required at the task-order level (use the SBA Offer Letter template).[†]
- **SDVOSB sole source — up to \$5M (non-mfg):** via OASIS+ SDVOSB or open market under FAR 19.1406, where the OCO has no reasonable expectation of two or more eligible SDVOSB offers. D9Tech is VetCert-certified at proposal and at award.
- **Competitive / set-aside:** give fair opportunity to holders within the applicable Domain and NAICS (FAR 16.505). On OASIS+ SDVOSB, an exception to fair opportunity for D9Tech is executed by emailing the contractor with a copy to oasisplusmods@gsa.gov.

CONTRACTING OFFICER STEPS

- 1 **Obtain a DPA.** Required before soliciting or modifying any OASIS+ order. Complete OASIS+ DPA training (virtual, in-person, or on-demand via the DAU FAC 153 module). COs without a DPA may not solicit or modify task orders.
- 2 **Identify D9Tech & track.** Confirm 8(a) status (SAM.gov / SBA Small Business Search) or SBA VetCert SDVOSB status (SAM.gov), then select the correct track plus Domain and NAICS.
- 3 **Award & report.** Send exception-to-fair-opportunity notifications to oasisplusmods@gsa.gov as applicable, and report the action in FPDS-NG — accurate socioeconomic fields transfer credit to your agency.

KEY GSA CONTACTS

OASIS+ buyer info: gsa.gov · OASIS+

Competitive solicitations: ebuy.gsa.gov

Modifications / exceptions: oasisplusmods@gsa.gov

8(a) offer/acceptance: SBA District Offices (sba.gov)

SDVOSB goal credit: agencies must direct 5% of prime and subcontract dollars to certified SDVOSBs annually (FY2024 NDAA); only SBA VetCert-certified firms count toward the goal — D9Tech maintains active VetCert. [†] **8(a) sole-source limit:** D9Tech may not receive sole-source 8(a) awards once its combined competitive and sole-source 8(a) contracts exceed \$168,500,000 during its 8(a) BD participation.
